

Tartar Teen Talk

By MARIAN McDONALD

Ballot boxes and campaign posters can now be put away for another semester, as the students at Torrance High School have chosen their class officers to lead them through the coming semester.

Coming through with flying colors to lead the mighty freshman class is Lynn Lorenze. She is assisted by another very out-standing girl, Mary Sue Easley. Taking minutes is last semester's Student Council representative, Sandy Sanders, elected to the office of secretary. Charlie Babbitt is in charge of the money. Jerry Neely is the sergeant-at-arms, and taking the office of Student Council representative is Charlene St. Martin. With a cabinet as fine as this, the freshman class should go far this semester.

Filling the office of president in the sophomore class is Mike Day. Pat Garrison assists him as vice-president, and also as the Student Council representative. Amy Okazaki is the very capable secretary, and Charlene Grace is the treasurer. Lee Mortenson, James Brown and Darrel Stegall are the sergeants-at-arms. Last week the class sponsored a very fine aud. cal with entertainment from Harbor Junior College, and last Thursday, they had a dance in the library. They are really "going to town."

Taking the junior gavel from Harvey Rushfeldt is George Johnson, the newly elected president of the junior class. Bill Gray was re-elected to the office of the vice-president, and Karen Ness was re-elected to the office of secretary. Shirley York is the very capable girl in charge of the finances, and Johnny Spiller and Tom Johnson are the sergeants-at-arms chosen to represent the junior class on the Student Council as Bill Crawford. Congratulations to this fine bunch of officers.

Edgar Forcier, our very capable commissioner of group control, called a meeting of all the new hall monitors and the hall patrol a short while ago. At this meeting, he outlined all their various duties and explained to them the purpose of having them there. The purpose of the hall monitors is to keep students in class and out of the halls during class time—that is, to check their hall passes. The hall patrol is to stand at posts in the middle of the hall and at the stairs to direct traffic and keep everyone on the right side. Edgar is really doing a fine job and deserves a big round of applause.

The Tartar Ladies and Tartar Knights had a wonderful time listening to the music of Stan Kenton at the Palladium last night. This was the annual Tartar Lady-Tartar Knight ball.

Tomorrow night the Y-Debonnaires are having a dance called "Winter Whirl," with the Dukes of Rhythm furnishing the music. The dance will be held at the Civic Auditorium from 8 until 12. The price is \$1 per couple.

Tomorrow night the Y-Debonnaires are having a dance-called sponsoring a spook show at the Grand Theater. The time of this spooky show is 11 o'clock.

Harbor Tech Entertains THS Students

At the invitation of the Torrance high school sophomore class, a group of Harbor Junior College students presented a musical show for the Torrance High School student body in the school auditorium on Wednesday, February 14.

Harbor Tech students appearing in the show were Jo Ann Koch, vocalist, Joanne Holstein, piano soloist, and Arthur Black, Charles Boyett, Richard Goodman, Gene Larriue, and Frank Harris, a western quintet.

Harbor Tech Adds Swimming Class

A new swimming class for women students has been added to the physical education curriculum at Harbor Junior College, according to Miss Shirley Anderson, women's physical education instructor.

Service Station OK'd in Kettler, Shady Nook Area

Permission to operate a service station and grocery store at Sepulveda boulevard and 220th street in the Kettler Knolls-Shady Nook area was granted at the last meeting of the City Council.

Robert S. Price petitioned for the variance and conditional permit. Also approved was a petition of J. T. Marek for permission to establish a commercial garage for automotive repairing at 1922 West Carson street, between Cabrillo and Andreo avenues.

Dean Groendyke was granted permission to allow only a 15-foot setback rather than the usual 20-foot setback on his property, located at 522 El Camino del Campo in the Riviera area.

All three actions were taken after unanimous approval was given to the requests by the Planning Commission.

The sun moves 175 to 185 miles per second around its orbit.

Term Papers On Exhibit At Library

Term papers on a variety of subjects, written by 130 members of the Senior classes in Problems of Contemporary Life at Torrance High School, will be on exhibit at the Torrance City Library during the coming week.

The members of the classes, taught by Edward A. Reynolds, spent a month doing research. In their preparation, most of them typed and illustrated, with bibliographies, include ma-

terials found in the classroom library of magazines, newspapers and books, materials found in the Torrance High School and City Libraries, and drawn from personal experiences.

This is the third year that the Reynolds' classes have prepared these papers, with the cooperation and assistance of the school librarian, this year Mrs. Doris Schoemaker, and Mrs. Dorothy Jamieson and her

assistants in the City Library. The papers have been written on a wide variety of interesting and practical subjects, from Hot Rods to Alcoholism.

The public is cordially invited to examine this exhibit in the City Library this coming week.

SUB COMMANDER

When Chester W. Nimitz was 27 years old he was commander of U. S. submarine forces in the Atlantic.

Eggs, Fryers, Etc. Shown by Students

El Camino College poultry and horticulture students displayed their products in a special exhibit at the College Campus Center Tuesday and Wednesday. Eggs, fryers and a wide variety of plants were shown, and a visible incubator was displayed.
